EXHIBIT E

FORM OF ASSIGNMENT OF TRANSFERRED PATENTS

WHEREAS, NETWORK APPLIANCE, INC., a Delaware corporation, (hereinafter referred to as "Assignor") owns all right, title and interest in and to certain patents and patent applications identified in Exhibit A attached hereto; and

WHEREAS, BLUE COAT Systems, INC., a Delaware corporation, (hereinafter referred to as "Assignee"), is desirous of acquiring the entire domestic and foreign right, title, and interest in and to such patents and patent applications.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor assigns and transfers to the Assignee and the Assignee's legal representatives, successors and assigns, its full and exclusive right, title and interest (subject only to certain prior or contemporaneous, non-exclusive licenses) to (i) those U.S. and foreign patents and applications therefor listed in Exhibit A hereto; (ii) any and all continuations, continuations-in-part, divisionals, reissues, renewals and extensions of any of the foregoing; (iii) patents which may issue on any of the foregoing patent applications described in parts (i) or (ii); (iv) renewals, reissues, reexaminations and extensions of the foregoing patents described in parts (i) through (iii); and (v) foreign patent applications and patents that are counterparts of any of the foregoing patent applications or patents described in parts (i) through (iv), including any patent application or patent to the extent that it claims priority from any of the foregoing patent applications or patents described in parts (i) through (iv) (collectively, the "Assigned Patents"), and does hereby authorize and request the Commissioner of Patents to issue U.S. patents to the above-mentioned Assignee in accordance with the terms of this assignment document. Such rights shall include, without limitation, the right to sue upon and otherwise enforce the Assigned Patents and to recover all past damages and other potential relief arising from infringement of the Assigned Patents.

UPON SAID CONSIDERATION, Assignor conveys to the Assignee the right to make application in its own behalf for protection of the Assigned Patents in the U.S. and countries foreign to the U.S. and to claim under the Patent Cooperation Treaty, the International Convention and/or other international arrangement for any such application the date of any earlier U.S. application (or any other application on the invention) included in the Assigned Patents to gain priority with respect to such other applications.

IN WITNESS WHEREOF, Assignor has caused one of its officers to hereunder set his hand on the date shown below and Assignee has caused one of its officers to hereunder set his hand on the date shown below to signify its acceptance of this Assignment.
