## ASSIGNMENT

WHEREAS, **Intelliglobe, Inc.**, a corporation organized and existing under the laws of the State of Texas ("Assignor"), is the owner of the patents listed on the attached Schedule A incorporated herein by reference ("Patents");

WHEREAS, Assignor is also the owner of various applications for patents, all as listed on Schedule A ("Applications");

WHEREAS, Assignor is also the owner of all right, title and interest in, under and to the inventions evidenced by the Patents and the Applications ("Patent Rights");

WHEREAS, **360 Electrical LLC**, a limited liability company organized and existing under the laws of the State of UTAH ("Assignee"), desires to acquire all of Assignor's Patents, Applications, and Patent Rights;

NOW, THEREFORE, for and in consideration of the sum of one dollars (\$ 1 ) in hand paid, and for other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby irrevocably sells, assigns, transfers and conveys to the Assignee all of Assignor's right, title and interest in, under and to the Patents, the Applications and the Patent Rights throughout the world, and all Letters Patent of the United States and other foreign countries which may be granted therefore and any and all divisionals, continuations, continuations-in-part, reissues, reexaminations, renewals, revivals, restorations, and extensions thereof now or hereafter in force and effect, the same to be held and enjoyed by the Assignee for its own use and on behalf of, and for the use and on behalf of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Patents and Applications are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, including any and all rights Assignor may have to sue or otherwise maintain a cause of action for the infringement of same prior to the date hereof.

Assignor hereby authorizes the respective officials whose duty it is to issue patent rights or other forms of industrial property protection to issue to Assignee, in accordance with the terms of this instrument, the Patents and Patent Rights, and to issue any and all patents and Patent Rights resulting from the Applications and from any and all divisionals, continuations, continuations-in-part, reissues, reexaminations, renewals, revivals, restorations, and extensions thereof now or hereafter in force and effect, such that all Patents and patents resulting from the Applications, and any worldly rights not expressly referenced herein on the inventions, vest in and accrue to the Assignee, of Assignor's entire right, title and interest.

Assignor agrees to execute and deliver at the request of the Assignee, all papers, instruments and assignments, and to perform any other reasonable acts the Assignee may require in order to vest all Assignor's rights, title, and interest in and to the Patents, the Patent Rights, and the Applications in the Assignee and to provide evidence to support any of the foregoing in the event such evidence is deemed necessary by the Assignee, to the extent such evidence is in the possession or control of Assignor.
