PATENTS ASSIGNMENT

THIS ASSIGNMENT OF PATENTS (this "Assignment") is executed December 29, 2006, by 3M Company, 3M Innovative Properties Company, and Riker Laboratories Inc., corporations of the State of Delaware, with offices at 3M Center, 2501 Hudson Road, Saint Paul, Minnesota 55144 (collectively "Assignor") for the benefit of Graceway Pharmaceuticals, LLC, a limited liability company of the State of Delaware, with offices at 340 Edgemont Avenue, Suite 500, Bristol, Tennessee 37620 ("Assignee"). This Assignment is being entered into pursuant to that certain Acquisition Agreement dated as of November 8, 2006, by and between Assignor and Assignee (the "Acquisition Agreement"). Capitalized terms used but not defined herein have the meaning ascribed to such terms in the Acquisition Agreement.

FOR GOOD AND VALUABLE CONSIDERATION as recited in the Acquisition Agreement, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, transfer, convey and assign to Assignee, its successors and assigns, its entire right, title and interest in and to the patents and patent applications in the Territory listed on the attached Exhibit C-1, the patents issuing from such pending applications, and, except for patent families 53499 and 54913, any continuations, continuations-in-part, divisionals, provisionals, re-examinations, reissues, pending applications, supplemental protection certificates or extensions of any of the foregoing patents and applications (collectively, the "Assigned Patents"), and the inventions and discoveries set forth therein, and Assignor's right to file applications on such inventions and discoveries, together with all rights to sue and recover for any past, present or future infringement, damage or injury (and including the right to take over and continue any and all existing suits) to any of the foregoing and collect profits or damages with respect to the same, the same to held and enjoyed by the Assignee, for its own use and behalf and the use and behalf of its successors and assigns, to the full end of the term or terms for which Letters Patent or patents may be granted as fully and entirely as the same would have been held and enjoyed by the Assignor had this sale and assignment not been made, and Assignor hereby authorizes and requests the Commissioner or Director of Patents and Trademarks of the United States and any official of any country foreign to the United States whose duty it is to issue patents, to issue or transfer all Letters Patent for the Assigned Patents to Assignee, its successors and assigns, in accordance with the terms of the assignment, or otherwise as Assignees may direct.

This Assignment is binding on Assignor, its successors and assigns, and will inure to the benefit of the Assignee, its successors and assigns. Nothing in this instrument, express or implied, is intended or shall be construed to confer upon, or give to, any person, corporation or entity other than Assignee, its successors and assigns, any remedy or claim under or by reason of this instrument, or any terms, covenants or conditions hereof, and all the terms, covenants and conditions in this instrument shall be for the sole and exclusive benefit of Assignee and its successors and assigns.
