ASSIGNMENT OF PATENTS

WHEREAS, Light Sciences, LLC, a Washington limited liability company having a place of business at 34931 S.E. Douglas Street, Suite 200, Snoqualmie, WA 98065 ("Assignor"), is the sole and exclusive owner of each of the patents and patent applications listed in Annex A attached hereto and incorporated herein by reference, all of which patents and patent applications were issued by or filed with the applicable patent office under the patent registration or application numbers listed in Annex A (all of such patents and patent applications are herein referred to as the "Patents");

WHEREAS, Light Sciences Oncology, Inc., a Washington corporation having a place of business at 34931 S.E. Douglas Street, Suite 250, Snoqualmie, WA 98065 ("Assignee"), desires to acquire the entire right, title and interest in and to each of the Patents;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged by Assignor, Assignor does hereby sell, transfer, convey, assign and deliver to Assignee all of Assignor's right, title and interest in and to the Patents, all patents and patent applications that claim priority to any of the Patents (or patents issuing therefrom) and any and all continuations, continuations-in-part, divisions, reissuances, reexaminations, substitutes, renewals and extensions thereof; the same to be held and enjoyed by Assignee and its successors and assigns entirely as if the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

Assignor hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models or other governmental grants that may be granted upon any of the Patents in the name of Assignee, as the assignee to the entire interest therein.

This Assignment of Patents shall inure to the benefit of and be binding upon Assignee and Assignor and their respective successors and assigns.
