ASSIGNMENT

WHEREAS, Tyco Electronics Logistics A.G., a company organized and existing under the laws of Switzerland ("TELAG") and Telemics, Inc., a corporation formed under the laws of State of Delaware, with offices at 201 East Jefferson Street, Louisville, Kentucky ("Telemics") are simultaneously entering into an Intellectual Property Rights Purchase and Sale Agreement for the sale of certain assets of Telemics' wireless mesh network and reporting and monitoring systems for street lighting market business ("Transaction");

WHEREAS, Telemics is the owner of the entire right, title and interest in and to the United States and foreign patents and patent applications listed on "Schedule A" attached hereto and made a part hereof (the "Patents"); and

WHEREAS, TELAG is acquiring the entire right, title and interest in and to the Patents pursuant to the Transaction; and

WHEREAS, it is desired that the assignment of the Patents be made a matter of record in the United States Patent Office;

NOW, THEREFORE, be it known that, for good and valuable consideration, receipt of which is hereby acknowledged, Telemics hereby sells, assigns, transfers, and sets over to TELAG, the entire right, title and interest in and to the Patents, the inventions claimed therein, any other patent applications which are directed to the inventions, and any division, continuation, reissue, reexamination or extension thereof, and all Letters Patent of the United States that may be granted thereon, and all rights to claim priority on the basis of such application(s) and all accrued causes of action and recovery for damages for past infringement thereof; and Telemics hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States to issue all Letters Patent hereafter in accordance with the terms of this Assignment.

AND, Telemics hereby further covenants that Telemics has the full right to convey the interest assigned by this Assignment, Telemics will take all action and execute all documents

IN WITNESS WHEREOF, TELAG and Telemics have caused this instrument of assignment to be executed by its duly authorized officer this _____ day of _____, 2006.
