PATENT ASSIGNMENT

This assignment is effective as of February 2, 2007 ("Effective Date") between Edward J. Cross of 827 Tisdale, Lansing, MI 48910 ("Assignor"), and T.C. Inventions, LLC of 827 Tisdale, Lansing, MI 48910 ("Assignee").

Recitals

Assignor wishes to assign to Assignee, and Assignee wishes to obtain from Assignor, the United States Patent Application and any Articles of Patent issued in connection with the same, titled Method and Apparatus for Removing shingles, Serial No. 10/894,912, having a filing date of July 29, 2004, together with all associated patent rights to the inventions disclosed therein (the "Patent").

Therefore, for good and valuable consideration, the receipt and sufficiency of which is acknowledged, Assignor assigns to Assignee its entire right, title, and interest in and to the Patent, for the United States and for all other countries. This assignment includes, without limitation, any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions or foreign equivalents of the Patent, and includes the subject matter of all claims that may be obtained therefrom, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made. This assignment includes all income, royalties, damages, or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present, or future infringement or other unauthorized use of the Patent, together with the right to sue for and to collect such damages for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Assignor authorizes and requests the Director of the U.S. Patent and Trademark Office, and the corresponding entities or agencies in any other applicable countries, to record Assignee as owner of the Patent.

Assignor shall, at Assignee's expense, take all further actions, and provide to Assignee, Assignee's successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documentation), requested by Assignee to more fully and effectively carry out the purposes of this Assignment. This includes, without limitation, any of the following: (1) the preparation and prosecution of any applications relating to any of the rights assigned herein; (2) the prosecution or defense of any interference, opposition, reexamination, reissue, infringement, or other proceedings that may arise in connection with any of the rights assigned herein, including, without limitation, testifying as to any

facts relating to the Patent and this Assignment; (3) obtaining any additional patent protection relating to any of the rights assigned herein that Assignee may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or any foreign country; and (4) the implementation or perfection of this Assignment in all applicable jurisdictions throughout the world.

This Assignment is signed by the authorized representatives of the Assignor and Assignee as of the Effective Date.
