ASSIGNMENT

WHEREAS we, Andrew Christopher Burroughs, Anastasios G. Karahalios and Kenneth Alan Ritsher, along with Anthony Lawrence Schaff, Sr., have made an invention which is the subject of an international patent application under the Patent Cooperation Treaty ("PCT") entitled APPARATUS AND METHOD FOR DELIVERING A PHARMACEUTICAL LIQUID, having forty-four (44) pages of text and forty-two (42) pages of drawings, and which was filed in the United States Patent and Trademark Office acting as PCT Receiving Office on March 30, 2005, as International Application No. PCT/US05/010580 (hereinafter the "Application");

WHEREAS IDEO INC., a Michigan corporation having a place of business at 630 Davis Street, Evanston, IL 60201, wishes to acquire our entire right, title and interest in the Application and in all inventions disclosed in the Application;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt of which is hereby acknowledged, we hereby sell, assign, transfer and set over unto IDEO INC., its successors and assigns (collectively "IDEO") our entire right, title and interest in, to and under the Application and in all inventions disclosed therein; all rights of priority thereto pursuant to the International Convention for the Protection of Industrial Property; any and all present or future patent applications to such inventions that may be filed in the United States or any foreign country, inclusive of, but not limited to, continuations, continuations-in-part, divisions, substitutions, reexaminations, reissues, international applications under the Patent Cooperation Treaty ("PCT"), United States provisional patent applications, certificates of addition, utility models, petty patents, as well as all other intellectual property related to the Application, inclusive of, but not limited to, supplementary protection certificates, copyrights, trademarks, and data package exclusivity rights; and any and all Letters Patent of the United States and of all foreign countries and all related patent term extensions which may be granted for Letters Patent with respect to the Application; all of the above to be held and enjoyed by IDEO for its own use and enjoyment to the full end of the term or terms for which such Letters Patent and related intellectual property rights may be granted, as fully and entirely as the same would have been held and enjoyed by us had this Assignment and sale to IDEO not been made.

For ourselves and for our heirs, successors and legal representatives, we covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.

For ourselves and for our heirs, successors and legal representatives, we further covenant and agree with IDEO that upon request we and they will, without further consideration than that now paid, but at the expense of IDEO: (i) execute original, provisional, substitute, continuation, divisional, continuation-in-part, reexamined, or reissued applications, amended specifications, or rightful declarations or oaths for such application; (ii) communicate to IDEO any facts known to us or them relating to such inventions or the history thereof; (iii) execute preliminary statements and testify in any interference proceedings, litigation discovery proceedings and depositions, oppositions, cancellation proceedings, priority contests, public use proceedings, administrative agency proceedings, litigation and other court actions and the like; (iv) execute and deliver any application papers,

affidavits, declarations, assignments, or other instruments; and (v) do all other acts which, in the opinion of counsel for IDEO, may be necessary or desirable to secure the grant of Letters Patent and related intellectual property to IDEO or its nominees, in the United States and in all other countries where IDEO may desire to have such inventions, or any of them, patented, with specifications and claims in such form as shall be approved by counsel for IDEO and to vest and confirm in IDEO or its nominees the full and complete legal and equitable title to all such Letters Patent and related intellectual property.
