ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

This Assignment of Patents and Patent Applications (this "Assignment") is entered into as of April 1, 2004 by and among Newstakes, Inc., a California corporation having its principal place of business at 1633 Bayshore Highway, Ste 380, Burlingame, CA 94010 ("Assignor"), and Wirefree Services Belgium S.A., a company organized under the laws of Belgium having a place of business at Rue Colonel Bourg 149 B-1140 Brussels, Belgium ("Assignee").

RECITALS

- A. Assignor is the owner of those United States patents and patent applications described in Exhibit A ("Patents and Patent Applications"); and
- B. Assignee is acquiring ownership of all right, title and interest in and to the Patents and Patent Applications in the United States and throughout the world pursuant to its rights as a preferred shareholder of Assignor in connection with the liquidation of Assignor.

NOW, THEREFORE, in consideration of the foregoing recitals and other good and valuable consideration described herein, the receipt and sufficiency of which is hereby acknowledged, the parties hereto hereby agree as follows:

- 1. Assignment. Assignor hereby assigns, transfers and conveys to Assignee all of Assignor's right, title, and interest throughout the world in and to the Patents and Patent Applications, the underlying inventions described therein, and any and all Letters Patent whether U.S. or foreign that are or may be granted therefrom including without limitation any extensions, continuations, continuations-in-part, divisions, reissues, re-registrations and renewals thereof, or other equivalents thereof, and further, all rights, claims and privileges pertaining to the Patents and Patent Applications including without limitation all rights, if any, to sue or bring other actions for past, present and future infringement thereof and all convention and treaty rights of all kinds.
- 2. Further Assignment. Assignor further assigns to and empowers Assignee, its successors, assigns or nominees, all rights to make applications for patents or other forms of protection for said inventions and to prosecute such applications and the Patent Applications, as well as to claim and receive the benefit of the right of priority provided by the Paris Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and the right to invoke and claim such right of priority without further written or oral authorization.
- 3. Authorization of Patent and Trademark Office to Record. Assignor further agrees that this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose regarding the subject matter hereof, as well as constituting proof of the right of Assignee or its successors, assigns or nominees to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits of the right of priority provided by the

Paris Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

4. Further Assurances. Assignor agrees to take such further action and to execute such documents as Assignee may reasonably request to effect or confirm the conveyance to Assignee of the Patents and Patent Applications and any improvements thereunder (including executing all documents necessary to secure all said Letters Patent and rights, and request issuance of all said Letters Patent to the Assignee in accordance with this Assignment) and to execute and deliver without further consideration any further licenses or other documents, and to perform such other lawful acts as Assignee may reasonably require to fully secure and/or evidence the rights or interests herein.
5. Acceptance. Assignee hereby accepts this assignment and agrees to take joint ownership of the Patents and Patent Applications.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the date first set forth above.
