PATENT ASSIGNMENT

AGREEMENT made this 22 day of January, 2007, by and between **Titus Deac** of #6C-199 Drake Street, Vancouver B.C., V6Z 2T9 Canada ("**Assignor**") and **BioSynkron Development Inc.** a company incorporated under the British Columbia *Business Corporations Act* and having the full address at #6C-199 Drake Street, Vancouver B.C., V6Z 2T9 Canada ("**Assignee**");

WHEREAS, **Assignor** owns ninety-nine percent (99%) of the rights, title and interest in the patents on the attached Schedule A (collectively, the "Patents");

WHEREAS, **Assignee** is desirous of acquiring all rights, title and interest in the Patents;

NOW, THEREFORE, in consideration for the amounts agreed between the parties and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is confirmed and agreed as follows:

1. **Assignor** hereby grants, transfers, assigns and conveys to the **Assignee** and its successors and assigns, its ninety-nine percent (99%) of the rights, title, interest, ownership and all subsidiary rights in and to the Patents, and in and to the work in progress towards potential related new patent applications, including the right to file applications under the provisions of any convention or treaty; and in and to any continuation, division, renewal, substitute, reissue, or reexamination in any country and in and to any patents, certificates, utility models, reissues, extensions, additions or confirmations thereof which may be granted in any country, to have and to hold the same for its own use and benefit and for the use and benefit of its successors and assigns for the full term or terms for which the same may be granted.
2. **Assignor** covenants that it has the full right to convey the ninety-nine percent (99%) of the rights, title and interest in the patents herein assigned, and that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.
3. **Assignor** hereby authorizes and empowers **Assignee**, its successors and assigns to invoke and claim for any application for patent or other form of protection for said inventions the benefit of the right of priority provided by the International Convention for Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, or to invoke and claim such right of priority without further written or oral authorization from the **Assignor**.
4. **Assignor** consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file of like document which may be required in any country for any purpose and more particularly in proof of the right of the **Assignee** to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.
5. This agreement constitutes the entire agreement between the parties hereto with respect to the Patents.

6. This ASSIGNMENT shall be interpreted and construed according to the laws of British Columbia, Canada.

7. In witness thereof, the parties have duly executed this Agreement as of January 22, 2007.
