ASSIGNMENT

In consideration of the payment of one dollar (\$1.00), and for other good and valuable consideration, the receipt of which is hereby acknowledged, Guiren Wang, Shivshankar Sundaram, Kapil Pant, Jianjun Feng, and Peter Storm ("Assignors") assign to CFD Research Corporation of Huntsville, Alabama ("Assignee"), their entire right, title, and interest in and to an invention entitled "Thrombectomy Microcatheter" ("Invention"), and in any and all patents, reissue patents, certificates of inventorship, design registrations, utility models, and the like, that may be granted in the U.S. or in any other country with respect to the Invention and improvements thereto, and in any application, including continuations, continuations-in-part, or divisionals, that may be filed with respect to the Invention or improvements thereto.

Assignors grant to Assignee the right to add the following information regarding a U.S. patent application to be filed so that this assignment may be recorded in the United States Patent and Trademark Office:

Title of the Application, Application Serial Number, and Filing Date

Assignors will, without additional charge to Assignee but at Assignees expense, cooperate with and assist Assignee such that Assignee may realize and fully enjoy all the rights assigned hereunder, including the preparation and execution of all papers needed by Assignee, and providing such information and assistance as may be reasonably required by Assignee in any administrative or legal proceeding to obtain or protect such rights.

Assignors represent and warrant that they have not publicly used or disclosed the Invention, and that they have not previously sold or offered to sell the Invention.

Assignors represent and warrant that they have not transferred, licensed, and/or assigned any interest in the Invention to anyone other than Assignee, and that they have not entered into any contract, assignment, or license conveying any right granted to Assignee hereunder, or that would otherwise conflict with this Assignment.

This Assignment and each of its terms shall be binding on each Assignor, his representatives, heirs and assigns, and shall inure to the benefit of Assignee, its successors, and assigns.

First Inventor:
