Case No. 6298/435ASSIGNMENT

WHEREAS, Jerry R. Grychowski, and Martin P. Foley, hereinafter called the "Assignors", have made the invention described in the United States patent applications entitled Acrosol Medication Delivery Apparatus With Narrow Orifice, for a full description of which reference is here made to an application for Letters Patent of the United States filed on November 2, 2004, and assigned Application Serial No. 10/979,743 which application is a continuation of a PCT application filed May 2, 2003 and assigned PCT Application No. PCT/US03/12121 which PCT application claims the benefit of an application for Letters Patent of the United States filed on May 3, 2002 and assigned Application No. 60/377,528.

WHEREAS, Trudell Medical International, a registered name of an Ontario partnership comprised of Trudell Partnership Holdings Limited and Packard Medical Supply Centre Ltd., having a place of business at 725 Third Street, London, Ontario, Canada N5V 5G4, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the invention and the patent applications identified above, and all patents which may be obtained for said invention, as set forth below;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other valuable and legally sufficient consideration, the receipt of which by the Assignors from the Assignee is hereby acknowledged, the Assignors have sold, assigned and transferred, and by these presents do sell, assign and transfer to the Assignee, the entire right, title and interest for the United States in and to the invention and the patent applications identified above, and any patents that may issue for said invention in the United States; together with the entire right, title and interest in and to said invention and all patent applications and patents therefor in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all applications claiming the benefit of, continuations, divisions, renewals and extensions of any of the patent applications and patents defined above; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

The Assignors hereby covenant and agree, for both the Assignors and the Assignors' legal representatives, that the Assignors will assist the Assignee in the prosecution of the patent applications identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the invention identified above; in vesting in the Assignee like exclusive title in and to all such other patent applications and
