Joint US Inventors

ASSIGNMENT

WHEREAS we, **Henk Jan Meewis** and **Michael S. Holford**, (the "Inventors"), residing respectively at **13850 West 75th Place, Arvada, CO 80005** and **921 West Edgewater, Gilbert, AZ 85233** are the joint inventors of an invention in ***Push Button Control For Motorized Coverings With Light Control*** for which invention we have executed a United States non-provisional patent application bearing serial number **11/623,857** filed on **January 17, 2007** claiming the benefit of United States provisional patent application having serial number **60/760,117** filed on **January 19, 2006** herewith, and we are entitled to assign our entire right, title and interest world-wide in and to the invention and any intellectual property protection for the invention, including the US patent application and any Canadian patent application therefor; and

WHEREAS Hunter Douglas Inc. (the "Company"), having a place of business at 2 Park Way, Upper Saddle River, New Jersey 07458 USA, is desirous of obtaining our entire right, title and interest world-wide in and to the invention and any intellectual property protection for the invention, including the US patent application and any Canadian patent application therefor;

NOW THEREFORE, in consideration of the sum of one Dollar (USD 1.00) and other good and valuable consideration, the receipt of which is acknowledged, we hereby sell, assign and transfer to the Company, its successors, legal representatives and assigns, our entire right, title and interest world-wide in and to the invention and all applications for industrial property protection, including, without limitation, all applications for patents, utility models and designs, whether original, divisional, continuation, renewal, reissue, or the like, now on file or subsequently filed, for the invention world-wide, together with the right to file such applications and the right to claim for such applications the priority rights derived from the US patent application under any national or international intellectual property laws or agreements and any industrial property protection including, without limitation, patents, utility models and designs, now or hereafter granted, for the invention world-wide, and any extensions, renewals, reissues or the like thereof.

FURTHER we hereby authorize and request any official of any state, responsible for issuing patents or other evidence or forms of any industrial property protection, to issue the same for the invention to the Company, its successors, legal representatives and assigns, in accordance with this assignment.
