PATENT APPLICATION AND INVENTION ASSIGNMENT

WHEREAS, I, Mike Hoy ("Assignor"), have invented certain new and useful improvements disclosed in United States Application No. to be determined ("Application"), filed on or before October 12, 2006, titled FLASHING BOOTS FOR ROOF PENETRATIONS ("Invention");

WHEREAS, Heartland Metals, Inc., a corporation organized and existing under the laws of the State of Florida (hereinafter "Assignee"), desires to acquire the entire right, title and interest in and to said improvements and said patent application;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor, individually, has sold, assigned, transferred and set over, and does hereby sell assign, transfer and set over to Assignee, its successors, legal representatives, and assigns, the entire right, title and interest in and to said improvements, Application, and Invention, for the territory of the United States of America and for all foreign countries, and to all Letters Patents, patent applications, divisions, continuations, continuations-in-part, substitutions, reissues, reexaminations, and extensions to be obtained therefor; including any and all rights to sue for past, present and future infringements thereof, and further agree to cooperate with the Assignee in obtaining and the sustaining of any or all such Letters Patents, but at the expense of the Assignee;

Assignor hereby authorizes and requests the United States Patent and Trademark Office in the United States and any and all foreign countries to issue any and all patents, when granted to Assignee as the owner of the entire right, title, and interest in and to same, for the sole use and enjoyment of said Assignee, its successors and assigns.

AND Assignor hereby represents, warrants and covenants that he has full right to convey the entire interest herein assigned, and that Assignor has not executed, and will not execute, any agreement in conflict herewith;

AND Assignor further represents, warrants and covenants that he will communicate to Assignee any facts known to him respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisions, continuation, continuation-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said improvements in all countries.
