ASSIGNMENT

For good and valuable consideration, **ENERGY FIELD APPLICATIONS, LLC**, a limited liability company organized and existing under the state laws of Maryland, having its principal place of business at 13529 Glen Mill Road, Rockville, Maryland 20850 (hereinafter referred to as "Assignor") hereby sells, assigns and transfers to **ENERGY INFORMATION TECHNOLOGIES, INC.**, a corporation organized and existing under the state laws of Delaware, having its principal place of business at 9 High Meadow Court, Old Brookville, NY 11545 (hereinafter referred to as "Assignee"), its successors, assigns and legal representatives, the entire right, title and interest in and for the United States and all foreign countries, in and to any and all improvements which are disclosed in U.S. Patent Application Serial No. 10/499,561, filed June 21, 2004, entitled: "**Method of Diagnosis of Human Organism**", and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be filed in the United States and all foreign countries on said improvements;

Assignor agrees that Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to but at the expense of said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and legal representatives, all facts known to the undersigned relating to said improvements and the history thereof; and generally do everything possible which said Assignee, its successors, assigns or legal representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Assignor covenants with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
