ASSIGNMENT

WHEREAS, WE,

- (1) Branko J. Gerovac of Lexington, Commonwealth of Massachusetts; and
- (2) David C. Carver of Lexington, Commonwealth of Massachusetts

have invented certain new and useful improvements in a:

System and method for rendezvous in a communications network

for which a patent application is being filed concurrently; and

WHEREAS, Acinion, Inc., a corporation organized and existing under the laws of Delaware, having its principal place of business at 289 Great Road, Lower Level, Acton, Massachusetts 01720 (hereinafter referred to as "Acinion"), is desirous of acquiring the entire interest in, to and under the invention and the United States Letters Patent to be obtained for the invention:

NOW, THEREFORE:

For good and valuable consideration, the receipt of which is hereby acknowledged, I, the above named, hereby assign and transfer to Acinion my full and exclusive right, title and interest to said invention and all Letters Patent of the United States to be obtained therefor on said patent or any patent applications, continuations, divisions, renewals, reexaminations, substitutes or reissues thereof for the full term or terms for which the same may be granted.

I further assign to Acinion all of my right, title and interest in and to said invention in all foreign countries, and all applications for Letters Patent that may evolve therefrom, including the right to claim International Convention priority.

I further covenant that Acinion will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said Letters Patent as may be known and accessible to me and I will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Acinion or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said applications, said invention and said Letters Patent that may be necessary or desirable to carry out the purposes hereof.
