PATENT
REEL: 019296 FRAME: 0031

Intellectual Property means all proprietary rights in, or related to, the invention including:

- (a) all copyright subsisting, whether now or at some time in the future, in any manifestation of the invention and specifically including all computer software forming part of the invention;**
 - (b) all present and future Confidential Information;**
 - (c) the Patent Application and any further patent application, or the right to make any further patent application, which can, or is, made in relation to the invention, together with any patents granted in respect of the Patent Application or any other patent application;**
 - (d) any registered, registrable but unregistered or unregistrable design representing, or incorporating, the invention or any part of it;**
 - (e) any present or future rights to trademarks or trade names, including the right to make application for registration of those trademarks or trade names, relating to, or used in conjunction with, the invention; and**
-

- (f) all other industrial or intellectual proprietary rights of whatsoever nature and however arising, whether currently existing or arising or at some time in the future, relating to the invention.

Invention means the "Tinnicus Rehabilitation Device and Method", and more particularly described in the specification of the Patent Application;

Patent Application means the patent application described in Item 2 of the Schedule; and

Territory means the world. " "

2. ASSIGNMENT OF RIGHTS

In consideration of the shares to be issued by the Assignee to the Assignor as set out in clause 3, the Assignor, as owner of the Intellectual Property and the invention assigns to the Assignee, free from encumbrances, all the benefit of the Intellectual Property and the invention and all rights arising in the Territory, together with:

- (a) all corresponding rights obtainable in the Territory in respect of the Intellectual Property and in the priority dates of the Patent Applications;
 - (b) all know-how and technical information relating to the Intellectual Property and the invention; and
 - (c) all rights, powers, liberties and immunities arising, or to arise, from the Intellectual Property and the invention including the right to sue for damages and all other remedies in respect of any infringement of the Patent Application or any other Intellectual Property which may have occurred prior to the date of this Agreement.
