ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, Coronado Technology Group, LLC ("Coronado"), hereby assigns and transfers unto Meade Instruments Corp., a corporation of the State of Delaware, having its principal offices at 6001 Oak Canyon, Irvine, CA 92611, United States of America, and unto its successors, assigns and legal representatives, the entire right, title and interest to certain inventions described and illustrated in the U.S. Patent and Patent Applications listed below, together with the entire right, title and interest in any patent based upon the referenced applications, and in and to Letters Patent which may be issued upon any division, extension, continuation or reissue thereof, said Meade Instruments Corp. bearing all patent application expenses, including attorney fees.

U.S. Applications:

Serial No. 10/917,740

Filed August 13, 2004.

Serial No. 11/056,741

Filed February 11, 2005

U.S. Patent:

No. 7,142,573

Issued November 28, 2006

Coronado also hereby assigns and transfers unto said Meade Instruments Corp. the entire right, title and interest in and to said inventions and in and to applications for Letters Patent therefor in all countries foreign to the United States of America, including all rights under any and all international conventions and treaties in respect of said inventions and said applications for Letters Patent in foreign countries; Coronado further authorizes said Meade Instruments Corp. to apply for Letters Patent in foreign countries directly in its own name, and to claim the priority of the filing date of said applications for Letters Patent of the United States of America under the provisions of any and all international conventions and treaties.

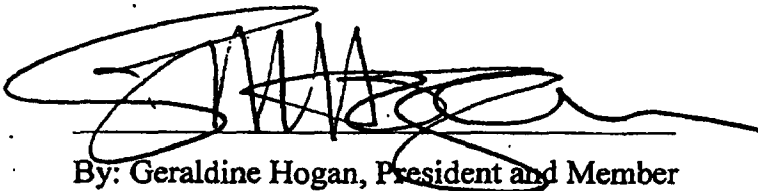

Coronado hereby authorizes and requests the Commissioner of Patents of the United States of America to issue Letters Patent upon the aforesaid applications, and divisions, extensions, continuations or reissues thereof or of said patent, to Meade Instruments Corp., for

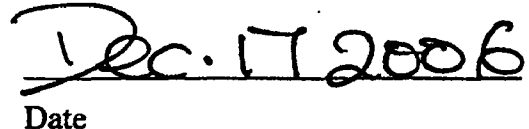

the sole use and benefit of said Meade Instruments Corp., its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted, the same as they would have been held and enjoyed by Coronado had this assignment not been made, and Coronado hereby authorizes and requests the equivalent authorities in foreign countries to issue the patents of their respective countries to said Meade Instruments Corp..

Coronado agrees that, when requested, Coronado will, without charge to said Meade Instruments Corp. but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and/or maintaining patents for said inventions in any and all countries and for vesting title thereto in said Meade Instruments Corp., its successors, assigns and legal representatives or nominees.

Coronado covenants with said Meade Instruments Corp., its successors, assigns and legal representatives, that the interests and property hereby conveyed are free from all prior assignments, grants, mortgages, licenses or other encumbrances.
