## **PATENT ASSIGNMENT**

**WHEREAS, I,**

- (1) Shaun Cutts of Allston, County of Suffolk, Commonwealth of Massachusetts; and
- (2) Andres Rodriguez of Newton, County of Middlesex, Commonwealth of Massachusetts;

have invented certain new and useful improvements in

### **FIXED CONTENT DISTRIBUTED DATA STORAGE USING PERMUTATION RING ENCODING**

for which a patent application of the United States was executed on March 17, 2004; and

**WHEREAS**, Archivas, Inc., a corporation organized and existing under the laws of Delaware, having its principal place of business at 200 West Street, Waltham, Massachusetts, 02451-1121 (hereinafter referred to as "Archivas"), is desirous of acquiring the entire interest in, to and under the invention and the United States Letters Patent to be obtained for the invention:

**NOW, THEREFORE:**

Be it known that in consideration of the payment by Archivas to me of good and valuable consideration, the receipt of which is hereby acknowledged, I, the above named, hereby sell, assign and transfer to Archivas my full and exclusive right, title and interest to said invention and all Letters Patent of the United States to be obtained therefor on said patent or any patent applications, continuations, divisions, renewals, reexaminations, substitutes or reissues thereof for the full term or terms for which the same may be granted.

I further assign to Archivas all of my right, title and interest in and to said invention in all foreign countries, and all applications for Letters Patent that may evolve therefrom, including the right to claim International Convention priority.

I further covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this assignment and sale.

I further covenant that Archivas will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said invention and said Letters Patent as may be known and accessible to me and I will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to Archivas or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said applications, said invention and said Letters Patent that may be necessary or desirable to carry out the purposes hereof.

I further represent and warrant to Archivas that the invention that is the subject matter of this patent application was neither developed in the course of or pursuant to a sponsored research agreement with any academic institution or other third party, nor was the invention developed with the use of funds or facilities administered by any academic institution or other third party. I also represent and warrant that any software comprising the invention was not created by me during the course of any third party employment or affiliation, and that such software development was not commissioned by any such third party.
