## UNITED STATES PATENT APPLICATION

WHEREAS, I, Joan Iglesias Vives of Santa Eulalia de Roncana (Barcelona) EP, Pol. Ind. Can Magre, C/Joan Gruell, esquina Narcis Monturiol, Santa Eulalia de Roncana (Barcelona) (hereinafter the "Assignor") has invented certain new and useful improvements in a METHOD AND MACHINE FOR THE SINTERING AND/OR DRYING OF POWDER MATERIALS USING INFRARED RADIATION (hereinafter the "Invention") for which I have made an international application for LETTERS PATENTS, filed September 21, 2004, as serial no. PCT/ES2004/000412, which has since entered the national phase in the United States on December 19, 2006, as serial no. 11/630,039.

AND WHEREAS, DOS-I SOLUTIONS, S.L., of Pol. Ind. Can Magre, C/Narcis Monturiol, 20-22, 08187 SANTA EULALIA DE RONCANA (BARCELONA) SPAIN (hereinafter the "Assignee") is desirous of acquiring the entire right, title and interest to any United States LETTERS PATENT that may be granted for the Invention and based upon the application and the entire right, title and interest to make, use and sell the Invention within the United States of America and its territorial possessions.

NOW, THIS INDENTURE WITNESSETH, that for and in consideration of a sum of Ten EUROS, in hand paid to me, and other good and valuable consideration, the receipt of which is hereby acknowledged, I do hereby assign, sell and transfer to the Assignee the entire right, title and interest in and to the Invention for LETTERS PATENT of the United States, and in and to all applications claiming priority to the above application, and

Serial No. 11/630,039 Filed: December 19, 2006 Docket No.: 15592NP

in and to all other applications for LETTERS PATENT for the Invention in all other countries, and in and to all divisions and continuations of the application, and in and to any LETTERS PATENT of the United States and all reissues and extensions thereof that may be granted, together with all rights of priority granted by local laws and treaties including any international convention, for the protection of industrial property, together with the right to extend the protection for the LETTERS PATENT to the various territorial possessions now owned or which may be hereafter acquired by the United States of America, all said rights to be held and enjoyed by the Assignee for its own use and behoof, and for the use and behoof of its successors or assigns, to the full end of the term for which such LETTERS PATENTS may be granted, as fully and entirely as the same would have been held and enjoyed by me if this assignment sale had not been made. I do hereby request and authorize that any and all LETTERS PATENT, when granted, be issued in accordance with this assignment to the Assignee.

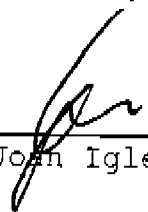

In further consideration of the sum of Ten EUROS, and the other good and valuable consideration, to me paid, I covenant and agree with the Assignee that it has a full and unencumbered title to the Invention hereby assigned, which title I warrant unto the Assignee, and I further agree that I will, without demanding any further consideration therefor, at the request but at the expense of the Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments, furnishing of information, and giving of testimony that may be or become necessary for obtaining, sustaining, or reissuing United States LETTERS PATENTS for the Invention, and for maintaining and

Serial No. 11/630,039 Filed: December 19, 2006 Docket No.: 15592NP

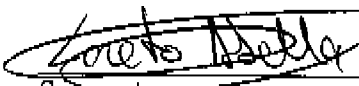

perfecting the Assignee's right to the invention and LETTERS  
PATENT, particularly in cases of interference and litigation.

IN TESTIMONY WHEREOF, I have hereunto set my hand and  
affixed my signature, this 7th day of MARCH, 2007.

Signed at Ste Eulalia de Ronsona  
(Barcelona - SPAIN)
