## ASSIGNMENT of PATENT RIGHTS

I, one of Assignors identified below, have invented certain new and useful improvements in:

### **Method for Performing Lipoplasty Using External Laser Radiation**

for which an application for a United States Utility Patent was:  
filed October 19, 2001, application number 10/028,169  
under Attorney Docket Number: 206-001

Upon issuance of the above-identified patent on August 12, 2003 as US 6,605,079, an assignee was mistakenly named, however no assignment had actually occurred and none was recorded. Now, in return for good and valuable consideration received, I hereby assign to the Assignee identified below and its successors and assigns all right, title, and interest to the invention specified above, including all interests in U.S. and foreign patents and patent applications related thereto; all rights to claim priority thereto; extensions, continuations-in-part, continuations, divisions, substitutions, reissues, reexaminations thereof.

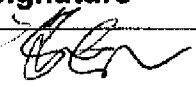

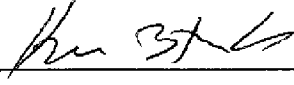

Further, I agree to take any reasonable actions as may be required in connection with the filing, prosecution and maintenance of related patents, including promptly forwarding any correspondence from any patent office.

Further, I agree to take such reasonable actions as may be required, if any, to perfect the assignment of the intellectual property and applications for related patents, including the execution and delivery of any additional instruments of assignment, affidavits and inventor's declarations.
