PATENT ASSIGNMENT

March
January 7th THIS PATENT ASSIGNMENT ("Assignment") is made and entered into as of January 7th, 2007 by Search Party, Inc., a Delaware corporation having its principal office at 55 Winship Avenue, P.O. Box 678, Ross, California 94957 ("Assignor") and Farecast, Inc., a Washington corporation having its principal office at 200 West Thomas Street, Suite 300, Seattle, Washington 98118 ("Assignee"). Capitalized terms used but not otherwise used herein shall have the respective meanings ascribed to them in the Purchase Agreement (as defined below).

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement dated January 10, 2007 (the "Purchase Agreement"), pursuant to which Assignor has agreed to sell, transfer, convey, and deliver to Assignee the Purchased Assets.

WHEREAS, Assignor is the sole and exclusive owner of the entire right, title and interest in and to those United States patents and patent applications identified and set forth on Schedules A and B respectively, and the foreign patents and patent applications identified and set forth on Schedule C (the "Patents").

WHEREAS, pursuant to the Purchase Agreement, Assignor has agreed to assign to Assignee, and Assignee has agreed to acquire from Assignor, all of the right, title and interest in and to the Patents.

NOW, THEREFORE, subject to the terms and conditions of the Purchase Agreement and for good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignor hereby sells, transfers, conveys, and delivers to Assignee, the entire right, title and interest in and to the Patents, for the United States and for all foreign countries, including, without limitation, any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions or foreign equivalents thereof, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, and the subject matter of all claims which may be obtained therefrom, for Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made; together with all income, royalties or payments due or payable as of the Closing Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patents, with the right to sue for, and collect the same for Assignee's own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

2. Assignor hereby requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Patents.

3. Assignor hereby covenants and agrees that it will from time to time after delivery of this Assignment and without further consideration, at the Assignee's request and otherwise in accordance with the Purchase Agreement, execute and deliver such further

documents and take such additional actions as the Assignee may reasonably request to effect, consummate, confirm or evidence the transactions contemplated in the Purchase Agreement and/or to assist the Assignee in preserving or perfecting its rights in the Patents.

4. All of the terms and provisions of this Assignment shall be binding upon Assignor and its respective successors and assigns and shall inure to the benefit of the Assignee and its respective successors and assigns.

5. To the extent any term or provision herein is inconsistent with the Purchase Agreement, the terms and provisions of the Purchase Agreement shall control.

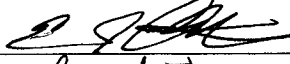

6. All issues and questions concerning the construction, validity and interpretation of this Assignment will be governed by and construed in accordance with the internal laws of the State of Washington, without giving effect to any choice of law or conflict of law provision (whether of the State of Washington or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Washington. In furtherance of the foregoing, the internal laws of the State of Washington will control the interpretation and construction of this Assignment, even if under that jurisdiction's choice of law or conflict of law analysis, the substantive law of some other jurisdiction would ordinarily apply.

7. This Assignment may be executed in one or more counterparts, each of which will be deemed an original but all of which taken together will constitute one and the same Assignment.

IN WITNESS WHEREOF, the parties hereto have executed this Patent Assignment as of the date first above set forth.
