CH \$40.00 10664164

ASSIGNMENT OF PATENT APPLICATION

WHEREAS I, Martin Wilson, residing at 20 West Drive, Caldecote, Highfields, Cambridgeshire CB3 7NY, Great Britian has made a certain new and useful invention as set forth in an application for United States Letters Patent for an invention entitled RADIO TRANSMITTER ARCHITECTURE COMPRISING A PLL AND A DELTA-SIGMA MODULATOR, and executed by me on June 11, 2004, Serial No. 10/664,164, filed September 17, 2003.

AND WHEREAS Cadence Design Systems Inc., of San Jose Corporate Headquarters, San Jose River Oaks Campus, 555 River Oaks Parkway, San Jose, CA, USA 95134, is desirous of acquiring the entire right, title and interest in and to said invention and in and to any and all Letters Patent of the United States which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration in hand, receipt of which is hereby acknowledged, I do hereby sell, assign, transfer and set over unto Cadence Design Systems Inc. its legal representatives, successors, and assigns, the entire right, title and interest in and to said invention as set forth in the above-identified application, and in and to any and all patents of the United States and foreign countries which may be issued for said invention;

I request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to said Cadence Design Systems Inc. its legal representatives, successors or assigns, as the sole owner of the entire right, title and interest in and to said patent and the invention covered thereby;

I hereby covenant that we have full right to convey the entire interest herein assigned and have not executed, and will not execute, any agreement in conflict herewith, and I also agree to execute all papers in connection with the application and any continuing or divisional applications thereof and in connection with any interference which may be declared involving this application or any continuing or divisional application thereof.

The assignment document executed ~~June 6~~ ^{JUNE 11} 2004 correctly names Cadence Design Systems Inc., as the intended assignee in the Whereas clause. However, further in the assignment document

MIW 10.05.2007 (10TH MAY)

Docket No.: 066455-230

there is a typographical error, incorrectly identifying Goldenrod Corporation as assignee. This assignment is therefore for the purpose of correcting the assignment so as to correctly identify Cadence Design Inc., as the intended assignee and to reaffirm and ratify the assignment to said Cadence Design Systems Inc.

I hereby grant the firm of DYKEMA GOSSETT PLLC the power to insert on this Assignment any further identification which may be necessary or desirable to comply with the rules of the United States Patent and Trademark Office for recordation of this Assignment.

MARTIN WILSON
