2 'The Assignee'

SPIROGEN LIMITED

(a body corporate existing under the laws of England & Wales)

of 79 George Street, Ryde, Isle of Wight, PO33 2JF, United Kingdom

Recitals:

(A) The Assignors are the joint inventors with others of the invention or inventions entitled **PYRROLOBENZODIAZEPINES** ("the Invention") for which the patent application set out in the Schedule hereto has been filed ("the Patent Application")

(B) The Assignee intends to file an international PCT application for the Invention ("the PCT Application")

(C) The Assignors' contribution to the Invention was made pursuant to an agreement entitled "Case Award Research Agreement" ("The Agreement") in accordance with which it was agreed that all inventions would be the property of the Assignee and the Assignors agreed to execute any documentation required to execute any documents required to facilitate the Agreement

Operative provisions:

In consideration for the payment of £1.00 by the Assignee to the Assignors the receipt and sufficiency of which is hereby acknowledged by the Assignors:

1 The Assignors and each of them hereby sell and assign to the Assignee, which accepts, absolutely and free from Incumbrances:

1.1 all of their respective rights title and interest in all countries of the world in to and under the Invention and the Patent Applcation and the PCT Application and all national and regional phases thereof and any and all divisionals, continuations and continuations-in-part of any of the aforesaid applications and any and all patents that may be granted pursuant thereto for the full period thereof including any re-issues, re-examinations, renewals, extensions and Supplementary Protection Certificates and including all rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of any such rights before on or after the date hereof and to retain any damages obtained as a result of such action;

1.2 all such rights as they may have to apply for prosecute and obtain patents and other intellectual property protection anywhere in the world in respect of the Invention to the intent that the grant of any patents or other intellectual property protection for the Invention shall be in the name of and shall vest in the Assignee or its successors or assigns;

1.3 all such rights as they may have to claim priority from the Patent Application in any and all applications for patent protection for the Invention, such right to be enjoyed by the Assignee as from the date of filing of the Patent Application;

to the intent that the Assignee shall have and hold the rights title and interest hereby assigned as fully and entirely as the same would have been held and enjoyed by the Assignors had this assignment not been made.

2 The Assignors hereby GRANT the firm of Mewburn Ellis LLP the power to insert in the Schedule to this Assignment any further identification of any future patent applications in any countries or regions of the world which shall fall within the scope of clause 1 above, as may be necessary or desirable in order to comply with the rules of any Patent Office for recordation of this document. It is understood and agreed that the Assignee's attorneys Mewburn Ellis LLP have represented only the Assignee and will continue to represent only the Assignee with respect to this Invention.

3 The Assignors and each of them hereby UNDERTAKE that at the request and cost of the Assignee or its successors or assigns they will at all times hereafter promptly do all such acts and execute all such documents as may be reasonably necessary or desirable to secure the vesting in the Assignee or its successors or assigns of all rights title and Interest assigned to the Assignee hereunder and to confirm the title of the Assignee or its successors or assigns to all such rights title and Interest and to assist in the resolution of any question concerning the Invention or any application for patent or other intellectual property protection for the Invention or any intellectual property protection granted pursuant to any such application.

4 The Assignors hereby request the relevant authorities in all countries of the world to issue any patents granted for the Invention in the name of the Assignee or its successors or assigns in accordance with this assignment.

5 This assignment and undertaking shall be binding upon the Assignors' heirs, executors, administrators, successors and/or assigns and shall enure to the benefit of any heirs, executors, administrators, successors and/or assigns of the Assignee.
