The receipt of which is hereby expressly acknowledged, the undersigned do hereby agree to assign and do hereby sell, assign and transfer unto 4K NutriPharma International ("Assignee"), a corporation organized under the laws of the State of Alabama, and its successors, assigns and legal representatives, the entire right, title and interest, for all countries and to certain patent applications and inventions relating to NUTRIENT COMPOSITIONS FOR THE TREATMENT AND PREVENTION OF INFLAMMATION AND DISORDERS ASSOCIATED THEREWITH as described in U.S. Patent Application No. 11/378,718 filed March 17, 2006 and the invention(s) and improvement(s) set forth therein, any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for said applications and their equivalents in foreign jurisdictions, all applications claiming priority to or the benefit of said applications, including patent applications filed in foreign jurisdictions or under any international convention (specifically including PCT Application No. PCT/US2007/068211 , filed on March 14, 2007, and any national phase filing thereof), and all the rights and privileges under any and all Patent that may be granted therefore in any country, and any reissues, or reexaminations, or extensions of patent granted from any of the above and their equivalents in foreign jurisdictions.

I agree that, when requested, we will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

I authorize and empower said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

I covenant with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.

I hereby authorize our legal representative or other third party to insert the application serial numbers of any application claiming priority to or benefit of U.S. Patent Application No. 11/378,718 as a part of this document or an appendix thereto and to include said application in this document.
