ASSIGNMENT AND AGREEMENT

For value received, we, John Todd, Sai Sivanesan, and David Cann, hereby sell, assign and Electro Guard Corporation, a Delaware Corporation, having an office at 10 Victoria Street, Toronto Canada, and its successors, assigns and legal representatives (hereinafter referred to as the "Assignee") the entire right, title and interest, for the United States of America, in and to certain inventions related to a Network Security Device described in a utility application for Letters Patent of the United States, number 11/745,068, filed May 7, 2007, and all the rights and privileges in said application and under all Letters Patent that may be granted in the United States for said inventions; and I also concurrently sell, assign and transfer to Assignee the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the application and all the rights and privileges under any and all forms of protection, including Letters Patent, that are granted in said countries foreign to the United States for said inventions.

I authorize Assignee to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from me, and to enjoy all the benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent to any document which may be required in any country in proof of the right of Assignee to apply for or to claim any other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I request that any and all patents for said inventions be issued to Assignee in the United States and in all countries foreign to the United States, or to such nominees as Assignee may designate.

I agree that, when requested, I shall, without charge to Assignee, but at its expense, sign all applications and do all acts which may be necessary, desirable or convenient in connection with said application or other forms of protection.

ASSIGNMENT AND AGREEMENT

For value received, we, John Todd, Sai Sivanesan, and David Cann, hereby sell, assign and transfer to Assignee Electro Guard Corporation, a Delaware Corporation, having an office at 10 Victoria Street, Toronto, Canada, and its successors, assigns and legal representatives (hereinafter referred to as the "Assignee") the entire right, title and interest, for the United States of America, in and to certain inventions relating to a Network Security Device described in a utility application for Letters Patent of the United States number 11/745,068, filed May 7, 2007, and all the rights and privileges in said application and under any and all Letters Patent that may be granted in the United States for said inventions; and I also concurrently sell, assign and transfer to Assignee the entire right, title and interest in and to said inventions for countries foreign to the United States, including all rights of priority arising from the application and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions.

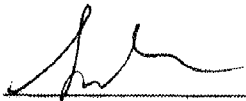

I authorize Assignee to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any and all countries foreign to the United States, for patent or other form of protection for said inventions, without further authorization from me, and to claim the benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Assignee to apply for or to claim the right of priority for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I request that any and all patents for said inventions be issued to Assignee in the United States and in all countries foreign to the United States, or to such nominees as Assignee may designate.

I agree that, when requested, I shall, without charge to Assignee, but at its expense, sign and do all acts which may be necessary, desirable or convenient in connection with said application and other forms of protection.
