ASSIGNMENT

WHEREAS we, **Donald Gene Gordy**, of **811 Gilman Street, Moberly, MO 65270** and **Kent Birt**, of **10931 Scott Place, Hannibal, MO 63401**, have invented certain new and useful improvements in **“Transmission Cable Assembly for High Temperature Environments”** (hereinafter referred to severally and collectively as the “Invention”), as disclosed in the application of that name for Letters Patent of the United States, assigned by the U.S. Patent and Trademark Office U.S. Patent Application No. 11/733,841 (and I hereby authorize my attorney to insert the application number) (hereinafter referred to as the “Application”), filed on April 11, 2007, (and I hereby authorize my attorney to insert the application filing date) and

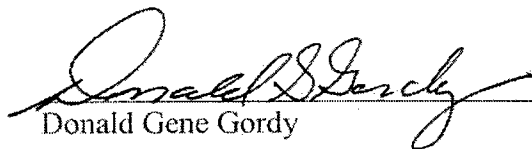

WHEREAS, **Dura Global Technologies, Inc.** (hereafter “Dura Global”), a corporation organized and existing by virtue of the laws of the State of Michigan, having its principal place of business at 2791 Research Drive, Rochester Hills, Michigan 48309, County of Oakland, State of Michigan, is desirous of acquiring an interest in the Invention, the Applications and any and all patents issuing therefrom:

NOW, therefore, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we by these presents do sell, assign and transfer to Dura Global, the full and exclusive worldwide right, title, and interest for the United States of America and all other countries in and to the Invention, the Applications and any and all patents issuing therefrom, and we hereby request the Commissioner of Patents and Trademarks to issue all such United States Letters Patent to Dura Global, as the assignee.

We further convey to Dura Global, the right to make applications in its own behalf for protection of said Invention in countries foreign to the United States and where expedient to claim under the International Convention or other international arrangement for any such applications the date of any and all of the Applications (or other applications if any there be) in priority to other applications; and we do hereby covenant and agree with Dura Global that we will not execute any

writing or do any act whatsoever conflicting with these presents, and that we will at any time upon request, without further or additional consideration, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect Dura Global's enjoyment of this grant, and render all necessary assistance in making applications for and obtaining original, divisional, renewal, reissued, reexamined, and/or or extended Letters Patent of the United States or of any and all other countries on said Invention, and in enforcing any rights or causes of action accruing as a result of such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, Dura Global and its legal representatives and assigns.
