**ASSIGNMENT OF PATENT APPLICATIONS
AND RELATED INVENTIONS**

WHEREAS, FLUID TECHNOLOGIES PLC("ASSIGNOR"), a British company, having its principal place of business at No. 1 Ashton House, The Parks, Lodge Lane, Haydock, Lancashire WA 12 0JQ, United Kingdom, is the owner of U.S. Patent Application Serial No. 10/048,751, titled "Detection of Micro-Organisms," filed July 3, 2002;

WHEREAS, MILLIPORE CORPORATION, a Massachusetts corporation, having its principal place of business at 290 Concord Road, Billerica, Massachusetts 01821, desires to acquire the entire right, title and interest in the Patent Application identified above and the inventions covered thereby, including the rights to recover all relief for past infringements;

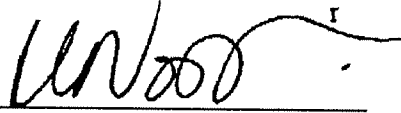

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR does hereby assign and transfer as of this date unto ASSIGNEE the entire right, title and interest in the Patent Application identified above, all inventions therein, and all inventions related thereto; the same to be held and enjoyed by ASSIGNEE for its own use and benefit, and for its legal representatives and assigns, to the full end of the term for which the patent application is granted, as fully and entirely as the same would have been held had this assignment and sale not been made.

ASSIGNOR further does hereby assign and transfer as of this date unto ASSIGNEE the entire right, title and interest in any divisional, continuation, or continuation-in-part patent applications based on or stemming from the Patent Application identified above, all inventions therein, and all related inventions, or prosecution of any application for the reissue or extension of any Letters Patent that may be granted on the inventions or improvements.

ASSIGNOR further does hereby assign and transfer as of this date unto ASSIGNEE the entire right, title and interest in any foreign patents and foreign patent applications based on or stemming from the Patent Application identified above, all inventions therein, and all related inventions, and in each and every country of the world with respect to the foreign patents and foreign patent applications, the right to all priority rights, the right to claim priority rights and the privileges and benefits thereof, including those under the International Convention, and all other conventions, the right to file foreign applications for patents in ASSIGNEE's own name, the right to have the foreign applications for patent issue in ASSIGNEE's own name, the right to have any foreign patents previously issued recognized and identified as owned in ASSIGNEE's own name, and the right to hold and enjoy by ASSIGNEE for its own use and benefit, and for its legal representatives and assigns, to the full end of the term for which the foreign Letters Patent are granted, as fully and entirely as the same would have been held had this Assignment and sale not been made.

IN TESTIMONY WHEREOF, ASSIGNOR has caused these presents to be signed, as of
this 15th day of NOVEMBER, 2006.
