This Assignment made on June 15, 2007 by **James L. Fisher** (Assignor), residing at 1000 Isabel Street, Burbank, California 91506 to **J.L. Fisher Inc.** (Assignee) having a place of business at 1000 Isabel Street, Burbank, California 91506;

WHEREAS, Assignor has invented a new, original and useful invention entitled **ARTICULATING CAMERA TRANSPORT APPARATUS AND METHOD** (Invention), for which a United States Utility Patent Application is being filed on even date herewith, and is further identified by Cislo & Thomas' Attorney Docket No. 07-19363;

WHEREAS, Assignor believes himself to be the original, first, and sole inventor of the Invention disclosed and claimed in said Patent Application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment his entire right, title, and interest in and to said Invention(s), and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, his entire right, title, and interest, in and to said Invention(s), and said Patent Application for said Invention(s) in the United States and throughout the world, any and all Letters Patent of the United States and throughout the world granted thereon or therefore, and any and all provisional, nonprovisional, divisional, continuation, continuation-in-part, substitute, reissue, or renewal applications thereof which have been or shall be filed in the United States and any and all equivalents

thereto throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, substitute, reissue, foreign, or other application based on the Invention directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Invention(s), and for perfecting, recording, or maintaining the title of Assignee, he successors and assigns, to said Invention(s), and said patent application filed, and any patents granted for said Invention(s) in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Invention(s), whether on said Patent Application or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of his entire interest in said Invention(s).

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date first above written and as set forth below.
