PATENT ASSIGNMENT

8E6 TECHNOLOGIES (f/k/a Logon Data Corporation), a California corporation having its principal place of business at 828 West Taft Avenue, Orange, California, 92865, hereinafter "Assignor", is the owner of each U.S. patent and/or U.S. patent application, and owner of the corresponding foreign and international applications identified on Appendix A hereof, each such U.S. patent and patent application hereinafter referred to as "U.S. Patent Property."

As used herein, "U.S. Patent Property" also shall include any Related U.S. Patent and Patent Application (as defined herein); all inventions and subject matter disclosed in the U.S. Patent Property, whether claimed therein or not; and any extension, substitute, reissue and reexamination certificate based upon the U.S. Patent Property. "Related U.S. Patent and Patent Application" shall mean any U.S. patent application, irrespective of its filing date, that was, is or will be related to any U.S. Patent Property as a provisional, continuation, continuation-in-part, continued prosecution or divisional U.S. patent application or any U.S. patent application which any part of the U.S. Patent Property claims priority rights and any U.S. patent granted or that may be granted on such U.S. patent application.

Assignor, for good and valuable consideration, the receipt of which is hereby acknowledged by Assignor, hereby grants, assigns and conveys to 8e6 Technologies, Inc., a Delaware corporation, having its principal place of business at 828 West Taft Avenue, Orange, California, 92865, hereinafter "Assignee", the entire right, title and interest in and to the U.S. Patent Property throughout the United States of America and its Territorial Possessions.

Assignor also hereby grants, assigns and conveys to Assignee the right to apply anywhere in the world for foreign patent(s) or the equivalent in respect of or based upon the U.S. Patent Properties including the right to claim the benefit of any international convention or treaty including the Patent Cooperation Treaty (PCT) and to claim priority pursuant to rights accorded Assignor under the terms of the International (Paris) Convention For The Protection of Industrial Property and any and all other available international conventions and treaties.

Assignor also sells, assigns and transfers to Assignee the right to assert and enforce all rights arising from the U.S. Patent Properties with respect to any infringement of same that occurred before execution of this Patent Assignment ("Assignment") and to retain any monies or other damages or awards that may be received by Assignee as a result thereof. Assignor hereby covenants that Assignor has the right to grant this Assignment and that no other assignment, sale agreement, pledge or encumbrance of any kind has been or will be entered into which will or would conflict with this Assignment, or otherwise interfere with the transfer of rights stated in this document or the enjoyment of such rights by Assignee. If the person(s) signing this Assignment is acting in a representative capacity on behalf of Assignor, then Assignor and such person(s) hereby represent and warrant that such person(s) is (are) dully authorized and empowered by Assignor to execute this Assignment on behalf of Assignor.

Assignor further covenants to execute or have executed any documents in connection with affirming the rights of Assignee pursuant to this Agreement and the filing, prosecution, maintenance, defense, enforcement, licensing and transferal of ownership of said U.S. Patent

Properties that may be legally requested by Assignor by Assignee and that Assignor is legally capable of executing or having executed, all without further consideration except direct incidental costs related thereto.

Assignor further agrees to furnish to Assignee copies of any documents or other information in Assignor's possession, custody or control that legally may be requested of Assignor by Assignee in connection with enforcing, defending or affirming the rights of Assignee pursuant to this Assignment and incidental to the filing, prosecution, maintenance, defense, enforcement, licensing and transferal of ownership by Assignee of the U.S. Patent Properties all without further consideration except direct costs related thereto.

Assignor also agrees to provide testimony for or on behalf of Assignee that lawfully may be required or requested of Assignor by Assignee in respect of enforcing, defending or affirming the rights of Assignee pursuant to this Assignment and incidental to the filing, prosecution, maintenance, defense, enforcement, licensing and transferal of ownership by Assignee of the U.S. Patent Properties all without further consideration, but subject to Assignee's payment of Assignor's reasonable direct expenses in respect to such testimony, including lost earnings or wages, incurred by Assignor in connection with Assignor's furnishing such testimony. With respect to pending patent applications constituting the U.S. Patent Properties, Assignor hereby authorizes any patent office or agency responsible for the administration of intellectual property laws anywhere in the world to grant patent rights or the equivalent thereof to Assignee to the full end of the term for which any such patent or equivalent rights may be granted or requested by Assignee, as fully and entirely as the same would have been granted to Assignor had this assignment not been made. The rights and obligations of Assignor under this instrument shall extend to and be binding upon Assignor's successors, heirs, executors, administrators and legal representatives. The term Assignee, as used herein, shall include Assignee's successors, assigns, transferees, heirs, executors, administrators and legal representatives.

IN WITNESS WHEREOF, I (we) have hereunto set hand and seal this 29 day of June 2007.
