ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, LJ Laboratories LLC, an Illinois limited liability company having an address of 1550 N. Lake Shore Drive, Suite 16C, Chicago, Illinois 60610, and each of its members in such capacity and also as inventors or co-inventors (collectively "Assignors"), to the extent having any right or interest therein, hereby assign, transfer, and convey to JJL Technologies LLC, an Illinois limited liability company with an address of 8121 N. Austin, Morton Grove, Illinois 60053 ("Assignee"), its designees, successors, assigns, and legal representatives, the entire right, title and interest in and to all United States, Canadian, Australian, European, Japanese, Mexican, Korean, Norwegian, Brazilian patents and patent applications that are set forth in Attachment A hereto, and any other counterparts in any country of the world corresponding thereto, and any other patents (including continuations, divisionals and reexaminations), reissues and extensions that may be granted or issued thereon, and all proceeds therefrom (including all license royalties and proceeds of infringement suits), and any and all causes of action (excepting claims against the United States of America) for past, present, and future infringement of any of the foregoing, including the right to collect royalties or damages for any such infringement and the right to sue on any such causes of action, for their own use and benefit and the use and benefit of their successors, assigns, and legal representatives, each and every of the foregoing rights, titles, and interests herein assigned to be held and enjoyed by Assignee, its successors, assigns, and legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignors had this Assignment not been made.

Each Assignor represents and warrants that it is assigning all right, title and interest that it may have with respect to the patents and patent applications set forth in Attachment A hereto, and that it has not made any assignment of such right, title and interest prior to the date of execution of this Assignment that is inconsistent with Assignee owning all right, title and interest in and to such patents and patent applications.

IN TESTIMONY WHEREOF, Assignors have caused this Assignment to be duly executed individually and/or in its name and behalf by signature of its designated officer, director or agent, whose name and title appear below.
