FI116678B B1	Jan. 31, 2006	Phenolic resol plywood resin, manufacture and use
JP6507939T T	Sept. 8, 1994	Phenolic resol plywood resin, manufacture and use
NZ251226 A	June 25, 1996	Manufacture of aqueous phenol-formaldehyde resin solution comprising the addition of potassium carbonate either during the cooling down phase or prior to formation of an adhesive binder

WHEREAS Dynea Chemicals Oy, a Finnish corporation, having a place of business at Siltasaarenkatu 18-20 A, FI-00530 Helsinki, Finland, (hereinafter "Assignee") is desirous of acquiring the full right, title and interest in and to said inventions, United States Patent Application(s) and United States Letters Patent and any and all foreign counterparts thereof;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Assignee, Assignor has sold, assigned, transferred and set over, and by these presents hereby sells, assigns, transfers and sets over to Assignee the entire and exclusive right, title and interest in and to (a) the above-identified invention or inventions and all improvements and modifications thereof, (b) the above-identified application and all other applications for Letters Patent of the United States and countries foreign thereto for the above-identified invention or inventions and all improvements and modifications thereof, (c) all Letters Patent which may issue from said applications in the United States and countries foreign thereto, (d) all divisionals, continuations, reissues, and extensions of said applications and Letters

Patent, and (e) the right to claim for any of said applications the full benefits and priority rights under the International Convention and any other international agreement to which the United States adheres; the Commissioner of Patents and Trademarks of the United States of America is hereby authorized to transfer the portion of the title indicated to said application to said Assignee in accordance herewith; this assignment being under covenant, not only that full power to make the same is had by the Assignor, but also that such assigned rights are not encumbered by any grant, license, or other right theretofore given; Assignor hereby undertakes to execute and deliver to Assignee upon request all lawful documents which may be requested by Assignee, and to furnish Assignee with all facts relating to said invention as may be requested.

This assignment is effective as of November 20, 2006.
