WHEREAS, Assignor holds the right, title, and interest in pending patent applications and/or issued patents as identified above (including patents and utility models for areas outside the United States), or described in other documentation identified above, and including any and all trade secret, copyright, and moral rights, subsisting in all the works covered by such patent applications, issued patents, or other documentation identified above (collectively, "Inventions"), and

WHEREAS, each Assignor desires to assign the entire right, title, and interest individually held by such Assignor to the Assignee;

THEREFORE, in exchange for payment or other legal consideration to Assignor, the receipt of which is hereby acknowledged by Assignor;

EACH ASSIGNOR HEREBY assigns, sells, and transfers the right, title, and interest held by each undersigned Assignor, respectively, in the Inventions identified above, including without limitation any and all divisions, continuations, and continuations-in-part thereof, and in and to any and all U.S. Letters Patent, and patents issued in or by other countries, that may be granted or have been granted for said Inventions, and including amendments and corrections thereof before and after issuance, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, PCT rights, Convention rights, Treaty rights, and other benefits accruing or to accrue with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto as identified above, unto said Assignee; and

EACH ASSIGNOR HEREBY authorizes and requests the Commissioner of Patents and Trademarks to issue any United States Letters Patent that may issue for said Patent Applications to said Assignee, as assignee of the entire right, title, and interest thereto; and

EACH ASSIGNOR FURTHER agrees to sign and execute all necessary and lawful future documents, including applications for foreign patents, for filing divisions, continuations, and continuations-in-part of the above-identified applications for patent and/or for obtaining any issuance(s), reissue(s) and/or reexamination(s) of any Letters Patent that may be granted for the Inventions, as the Assignee or designee(s) thereof may from time to time require and prepare at the sole expense of the Assignee or designee(s) thereof.

WE EACH HAVE SIGNED this document in the notarization forms attached hereto, or if un-notarized, in the space below, to indicate our agreement as documented herein.
