Unless otherwise defined herein, terms defined in the Pledge and Security Agreement and used herein have the meaning given to them in the Pledge and Security Agreement.

SECTION 2 Grant of Security Interest in Intellectual Property Collateral

(A) As security for the prompt and complete payment and performance in full when due (whether at stated maturity, by required prepayment, declaration, acceleration, demand or otherwise, including the payment of amounts that would become due but for the operation of the automatic stay under Section 362(a) of the Bankruptcy Code) of all Priority Senior Secured Obligations and Hedging Secured Obligations, each Grantor hereby pledges, assigns, transfers and grants to the Security Agent, for its benefit and for the benefit of the Priority Senior Finance Parties and the Hedging Banks, a security interest in and Lien on all of its right, title and interest in, to and under all Intellectual Property Collateral, whether now owned or existing or hereafter acquired or arising and wherever located. - (a) all Copyrights and Copyright Licenses to which it is a party, including those referred to on Schedule I hereto;
- (b) all Patents and Patent Licenses to which it is a party, including those referred to on Schedule II hereto;
- (c) all Trademarks and Trademark Licenses to which it is a party, including those referred to on Schedule III hereto;
