## ASSIGNMENT OF PATENT RIGHTS

This Patent Assignment (this "Assignment") is made effective this 6<sup>th</sup> day of August, 2007, by and between Koplin Outdoors, Inc., a corporation organized and existing under the laws of Wisconsin, and having a usual place of business at 205 N. Depot Street, Fox Lake, Wisconsin 53933 ("Assignor") and Bushnell, Inc., a corporation organized and existing under the laws of Delaware, and having a usual place of business at 9200 Cody, Overland Park, Kansas 66214 ("Assignee").

WHEREAS, Assignor possesses certain rights in and to, the patents and patent applications listed in Schedule A attached hereto and the invention(s) described and/or claimed in such patents and patent applications (collectively, the "Patent Rights"); and

WHEREAS, Assignor and Assignee have entered into that certain Asset Purchase Agreement dated as of August 6<sup>th</sup>, 2007 (the "Purchase Agreement") pursuant to which, among other things, Assignee has agreed to purchase from Assignor, and Assignor has agreed to sell to Assignee, among other things, the Patent Rights;

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of at least U.S. \$1,000.00, and other good and valuable consideration including consideration agreed upon between Assignor and Assignee pursuant to the Purchase Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold, assigned and transferred and by these presents does hereby sell, assign and transfer unto said Assignee, its successors, assigns, and legal representatives, Assignor's entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, including but not limited to Canada, in and to the invention(s) described and/or claimed in said Patent Rights, together with Assignor's entire right, title and interest in and to the patents and patent applications listed in Schedule A and such other patents as may issue thereon or claim priority under United States law or international convention, including but not limited to non-provisionals, continuations, divisionals, reissues, reexaminations, extensions, and substitutions of said patents and patent applications or such other patents, and any right, title and interest Assignor may have in applications to which said Patent Rights claim priority; said invention(s), patent applications and patents to be held and enjoyed by said Assignee for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made; Assignor hereby conveys all of its rights arising under or pursuant to any and all United States laws and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for patent, including but not limited to any cause(s) of action and damages accruing prior to this assignment. Assignor hereby acknowledges that this assignment, being of Assignor's entire right, title and interest in and to said invention(s), applications and patents carries with it the right in Assignee to apply for and obtain from competent authorities in all countries of the world any and all patents by attorneys and agents of Assignee's selection and the right to procure the grant of all patents to Assignee in its own name as assignee of Assignor's entire right, title and interest therein;

AND, Assignor hereby further agrees for itself and its successors, assigns, agents, and legal representatives to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid Patent Rights to said Assignee, its successors, assigns, and legal representatives, as well as to third parties at the request of Assignee including the execution of non-provisional, substitution, continuation, divisional, reissue, reexamination, or corresponding foreign or international patent applications, and generally do everything possible to aid Assignee, its successors, assigns and legal representatives to obtain, record, maintain, and enforce full protection for the inventions in all countries, but in each instance at Assignee's reasonable expense;

AND, Assignor hereby further agrees to provide statements or testimony in any interference or other proceeding in which said Patent Rights or any patent application or patent directed thereto may be involved;

AND, Assignor does hereby authorize and request the Directors of the United States Patent and Trademark Office, the Canadian Intellectual Property Office, and equivalent foreign and international agencies and the empowered officials of all other governments to issue such Patent Rights or patents as shall be granted upon said Patent Rights, or applications based thereon, to said Assignee, its successors, assigns, or legal representatives.

Assignee and Assignor also agree that multiple copies of this Assignment of Patent Rights may be executed, each of which shall be deemed an original, and each of which shall be valid and binding upon Assignee and Assignor.
