## ASSIGNMENT

WHEREAS, WE, Gregory I. Rozman of 6428 Sawgrass Drive, Rockford, IL 61114 and Matthew L. Wilhide of 4687 Appell Lane, Cherry Valley, IL 61016 and Arthur A. Pershall of 124 12th Street E., Kalispell, MT 59901; have invented certain new and useful improvements in Engine Start System with a Regulated Permanent Magnet Machine, identified as Attorney Docket No. PA-0004004-US, and described in a patent or other industrial property application of the same name and having serial number 11/820,639 filed in United States of America on June 20, 2007, being owner(s) of all right, title and interest in and to said application and in and to any invention(s) described therein, and not having made assignments, agreements, licenses, mortgages, or other encumbrances which would prevent us from conveying the entire right, title and interest herein assigned; and

WHEREAS, HAMILTON SUNDSTRAND (HSC), of Windsor Locks, CT a corporation organized and existing under and by virtue of the laws of the State of Delaware, and having an office and place of business at One Hamilton Road, Windsor Locks, CT 06096 (hereinafter "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention(s), and any and all patents and to be obtained therefore;

NOW, THEREFORE, in pursuant to any UTC Intellectual Property Agreement or other agreement, and for the other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged by the undersigned; the undersigned do hereby sell, assign, transfer to the Assignee, its successors or assigns, their entire right, title and interest in and to said invention(s), as described in the aforesaid application, in any form or embodiment thereof, and aforesaid application, in any form or embodiment thereof, and in and to the aforesaid application; and in and to any application filed in any foreign country based thereon together with all rights of priority, including the right to file said foreign applications under the provisions of the Paris Convention for the Protection of the Industrial Property; also the entire right, title and interest in and to any and all patents or reissues or extensions thereof to be obtained in or any foreign country upon said invention(s) and any divisional, continuation, continuation-in-part or substitute applications which may be filed upon said invention(s) in or any country, said right, title and interest to be held and enjoyed by us if this assignment had not been made; and the undersigned hereby authorize(s) and request(s) the issuing authority to issue any and all patents, utility models, or other industrial property rights to be obtained therefore on said application or applications to the Assignee or its successors and assigns.

The undersigned further agree(s), without any further payment or compensation by the Assignee or its successors and assigns, to communicate to the Assignee, its representatives or agents or its successors and assigns, any facts relating to said invention(s) including evidence for interference purposes or for other legal proceedings whenever requested; testify in any interference or other legal proceedings, whenever requested; execute and deliver, on request, all lawful papers required to make any of the foregoing provisions effective; and generally do everything possible to aid the Assignee, its successors or assigns to perfect, obtain, maintain and enforce patent(s) or other industrial property rights for said invention(s) in any country.

The undersigned hereby authorize(s) the Assignee to insert the application number and filing date, when known, of any application for the invention(s) into the following spaces.
