PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (the "Assignment") is between CFC International, Inc. (the "Assignor") and Illinois Tool Works Inc. (the "Assignee").

WHEREAS, Assignor is the owner of all right, title, and interest in the patents and patent applications listed on the attached Exhibit A incorporated by reference into this Agreement (collectively, the "Patents"); and

WHEREAS, Assignor desires to assign all right, title and interest in the Patents to Assignee and Assignee desires to acquire all of Assignor's right, title and interest in, to and under the Patents, together with the goodwill of the business in connection with which the Patents are used;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors, legal representatives and assigns, all of Assignor's right, title and interest worldwide in, to and under the Patents including all divisions, renewals and continuations thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof (including, without limitation, all proceeds thereof and the rights to sue for past, present and future infringements), and all applications for Letters Patent which may hereafter be filed for said Patents in any country or countries foreign to the United States, and all Letters Patent which may be granted for said Patents in any country or countries foreign to the United States hereby authorized, and requests the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to record Assignee as the owner of all such Patents and issue all Letter Patent for said Patents to the said Assignee, as assignee of the patent

applications listed on Exhibit A hereto, for the sole use of Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

Assignor agrees to execute and deliver at a future date, for no additional consideration any additional documents that the assignee reasonably determines are required to reflect the Assignee's ownership of the Patents anywhere in the world.

Assignor will assist in obtaining or providing any further documents which may be required to confirm chain or title thereto.

This Assignment may be signed in counterparts, each of which shall be deemed an original, but together shall constitute a single instrument.

In witness of this assignment, authorized representatives of Assignor and Assignee have executed this Assignment as of the 2nd day of July, 2007.
