PATENT ASSIGNMENT

WHEREAS, LARRY TEAGUE, residing at 401 Ridgmar Rd., Leander, Texas 78641, and JEANNINE TEAGUE, residing at 3500 Fairmount #813, Dallas, Texas 75219, (Assignors), both citizens of the United States of America, are the current owners of the inventions and the patents and/or applications as indicated on Exhibit "A" attached hereto; and

WHEREAS, Thompson Design Innovation, L.L.C., a Texas limited liability company, (Assignee), with its principle address at 10110 Huntress Lane, San Antonio, Texas 78255, is desirous of obtaining the entire rights, titles, and interests in, to, and under the same inventions and the patents and/or applications listed on Exhibit "A";

NOW, THEREFORE, in consideration of the sum of ten dollars (\$10.00) to the Assignors in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer, and set over the patents and/or patent applications listed on attached Exhibit "A" unto the Assignee, its successors, legal representatives, and assigns, the entire right, title, and interest in, to, and under the invention and the United States application and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for the invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the United States application under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; all forms of industrial property protection, including, without limitation, patents, utility models, and design that may be granted for the invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and any and all causes of action thereto that may have heretofore accrued in Assignor's favor;

AND ASSIGNORS HEREBY authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same for the patents and/or patent applications listed on Exhibit "A" to the Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

AND ASSIGNORS HEREBY covenant that they have full right to convey their entire interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith;

AND ASSIGNORS HEREBY further covenant and agree that they will communicate to the Assignee, its successors, legal representatives, and assigns, any facts known to them respecting the invention, and testify in any legal proceeding, sign all lawful papers, execute all divisions, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid the Assignee, its successors, legal representatives, and assigns, to obtain and enforce proper patent

protection for the invention(s) in all countries.
