PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT (the "Assignment") is made as of the 14th day of September, 2007, between WISCONSIN LABEL CORPORATION, a Wisconsin corporation ("Assignor") and WS PACKAGING GROUP, INC., a Wisconsin corporation ("Assignee").

RECITALS

- A. Assignor is the owner of the Assigned Patent (as defined below).
- B. Assignor desires to grant an assignment of all of its entire right, title, and interest in and to the Assigned Patent to Assignee, and Assignee desires to accept such assignment.

AGREEMENT

For valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in consideration of the covenants and agreements set forth herein, Assignor and Assignee mutually agree as follows:

1. Definition of Assigned Patents. The term "Assigned Patent" shall mean the issued patent listed in Appendix A attached hereto and made a part hereof, as well as any and all patents maturing from a continuation, continuation-in-part, division, reissue or reexamination of the Assigned Patent and regardless of whether such patent matures from a convention or non-convention application, or any other substitution, renewal, extension, addition, utility model or other United States or foreign patent.
2. Assignment of the Assigned Patent. Assignor hereby assigns and transfers to Assignee, its successors and assigns Assignor's entire right and title to and interest in the Assigned Patent. The assignment of the Assigned Patent granted by Assignor to Assignee in this Assignment is granted free and clear of all security interests, liens, encumbrances, claims, or interests of any kind or nature.
3. Assignment of Accrued Enforcement Rights. Assignor hereby assigns and transfers to Assignee any and all claims or causes of action for infringement of the Assigned Patent that may have accrued prior to the effective date of this Assignment, together with the right to bring suit for and/or initiate any proceeding to collect any and all damages arising from said claims or causes of action.
4. Further Assurances. Assignor shall provide Assignee, its successors, and assigns, or their legal representatives, cooperation and assistance at Assignee's reasonable request and expense (including the execution and delivery of any and all affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documentation as may be reasonably required): (a) in the prosecution and maintenance of the Assigned Patent; (b) in the prosecution or defense of any interference, opposition, infringement, or other proceeding that may arise in connection with the Assigned Patent; and (c) in the implementation or perfection of this Assignment. Assignor agrees that it shall not assist or encourage, through action or inaction, any challenge to the validity, enforceability, or ownership of the Assigned Patent.

IN WITNESS WHEREOF, this Assignment has been duly executed by Assignor and Assignee as of the date first written above.
