ASSIGNMENT

THIS ASSIGNMENT, made by me, **Richard D. LaRoche**, a citizen of the United States of America, residing at 4396 Route 132, Thetford Center, Vermont 05075;

WITNESSETH: That,

WHEREAS, I am one of the inventors of certain new and useful improvements in **DRY POWDER INHALERS THAT INHIBIT AGGLOMERATION, RELATED DEVICES AND METHODS** for which an international patent application ("the PCT Application") has been filed with the United States Patent and Trademark Office as the International Receiving Office on September 12, 2005. I hereby authorize and request Myers Bigel Sibley & Sajovec, P.A., to insert here in parentheses (the PCT Application No. **PCTUS2005032492** , filed **09/12/05**) the filing date and application number of the PCT Application when known; and

WHEREAS, **Fluent Inc.**, a Delaware corporation having a principal place of business at 10 Cavendish Court, Lebanon, New Hampshire 03766, hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to the invention(s) as described in the PCT Application, and in and to any and all Letters Patent which shall be granted for applications claiming priority thereto in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by these presents do hereby sell, assign, transfer, and convey unto the said assignee, its successors and assigns, the entire right, title, and interest in and to the said invention(s) and the PCT Application, in and to and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted based therefor or thereon, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereon or therefor, and in and to any and all continuations, continuations-in-part, or divisions thereof, as well as to the provisional application that the PCT Application claims priority to, and together with the right to claim the priority of the provisional and PCT Application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors

and assigns, as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made.

I hereby request that said Letters Patent be issued in accordance with this assignment.

I further covenant and agree that, at the time of the execution and delivery of these presents, I possess full title to the invention and the PCT application above-mentioned, and that I have the unencumbered right and authority to make this assignment.

I further covenant and agree to communicate to said assignee or its representatives any facts known to me relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns, and other legal representatives; and I hereby instruct, and further covenant and agree to bind my heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said assignee or its representatives.
