Attorney Docket No. DOTY.P-041

**ASSIGNMENT**

In consideration of One Dollar and other good and valuable consideration, of which I acknowledge receipt, **F. David Doty** sells and assigns to **Doty Scientific, Inc.** (hereinafter Assignee), its successors and assigns the entire right, title and interest in and to the improvements in NMR MAS Probe with Cryogenically Cooled Critical Circuit Components invented by me, as described in US Provisional Application No. 60/593,422, filed 01/12/2005, and in US Patent Application No. 10/906,379, executed herewith, and any and all applications for patent and patents therefor in any and all countries, including all divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said United States application(s), and authorize and request any official whose duty it is to issue patents, to issue any patent on said improvements or resulting therefrom to said Assignee, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Assignee, I will communicate to said Assignee or its representatives or nominees any facts known to me respecting said improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid said Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for said improvements in all countries. I authorize my patent counsel to insert the serial number for the US Application listed above.
