Except as provided under Section 1.4 of the Option Agreement, Grantor also hereby irrevocably sells, assigns, transfers and sets over to Seaquist all of his right, title and interest in and to all income, royalties, damages or payments due or payable as of the date of the Option Agreement or thereafter with respect to the Invention, the Application, all patents for the Invention and all of the other Option Property, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Application and all patents which may be granted therefor, with the right to sue for and collect the same for Seaquist's own use and enjoyment, and for the use and enjoyment of its successors and assigns.
