for which I have executed an application for United States Patent on the same date(s) as I have executed this assignment.

I request that any and all patents for said inventions be issued to said assignee, its successors, assigns and legal representatives, or to such nominee as it may designate.

I agree that, when requested, I will, without charge to said assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable, or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said assignee, its successors, assigns and legal representatives or nominee.
