ARTICLE II - PATENTS and PATENT LICENSES

2.01 Assignment. In consideration of the transactions contemplated by the Termination Agreement by Assignee and subject to Assignor's reservations of rights as set forth herein below, Assignor hereby assigns, transfers and conveys to Assignee any of Assignor's right, title and interest in and to the Schedule 1.01 Patents; provided, however, such assignment shall specifically exclude any rights to sue and collect any recoveries or damages for patent infringement claims that arose during the period of time in which Assignor owned the Schedule 1.01 Patents.
