WORLD - INVENTION ASSIGNMENT

In consideration of One (\$1 00) Cdn Dollar, and other good and valuable consideration acceptable to me and provided to me by:

UNIVERSITY OF NEW BRUNSWICK

whose full post office address is:

P O 4400
Fredericton New Brunswick Canada E3B 5A3

hereinafter called the Assignee

- 1 The undersigned inventor(s) hereinafter described as the Assignor(s) affirm that he/she is or they are the inventors of the "invention" relating to the subject matter hereinafter described and as such are the holders of assignable rights to the said invention
- The Assignor(s) hereby transfer(s) and assign(s) to the Assignee for its benefit and the benefit of its successors and assigns, all rights, title, and interest in Canada the United States and World Rights in and to the invention described in Schedule "A" hereto for which patents and patent applications have been or will be prepared, and to all my corresponding rights, title and interest in and to any patent which may issue therefore
- 2 The Assignor(s) acknowledge and confirm that they are under no obligation to assign the "invention" to any person or entity except the University of New Brunswick and know of no legal or other impediment or bar to the assignment
- 3 The Assignor(s) acknowledge and agree that the assignment is complete for each Assignor and leaves no assignable rights not assigned and is final and irrevocable

And further, the undersigned Assignor(s) hereby transfer(s) and assign(s) to the above Assignee all rights, title, and interest in such invention and all improvements thereon for which rights may hereafter be acquired by the Assignor(s), in respect of all countries of the world together with the right of priority acquired by the above filings and the right to file patent applications thereon and take similar proceedings in all and any countries the world, with or without additional matter as a Continuations-In-Part, Patent of Addition, Reissue, or similar procedure and to receive all such patents and similar rights as may issue on such applications

And in particular, the undersigned Assignor hereby transfers and assigns the right to file an application under the Patent Cooperation Treaty for such invention, and any subsequent national applications following thereon, and to receive such patents as may result from such procedures

The undersigned Assignor hereby further agrees to communicate to the said Assignee its successors or assigns any facts as may be acquired respecting any improvements, and, at the expense of said Assignee, sign all lawful papers, testify in any legal proceedings, execute all divisional, continuation, reissue, and substitute applications, make all lawful oaths, and generally do everything possible to aid the said Assignee, its successors, and assigns, to obtain proper patent protection for such invention in all countries of the world
