ASSIGNMENT OF PATENT APPLICATION

Whereas Wn. Barak EILAM and Yuval LUBOWICH both citizens of Israel (hereinafter: the "Assignors") are co-inventors of a certain invention entitled **METHOD AND APPARATUS FOR GENERIC ANALYTICS** (hereinafter: the "Invention"), desirous to transfer the entire right, title and interest in and to (1) the Invention, (2) U.S. provisional patent application designated serial number 60/894,230 having filing date March 12, 2007, (3) any and all patent applications filed on the invention in any country or jurisdiction worldwide, including but not limited to an international PCT (Patent Cooperation Treaty) patent application and to an United States patent application filed herewith (separately and together: the "Patent Applications"), and (4) to any and all patents which may be granted on the Patent Applications in any country or jurisdiction worldwide (hereinafter: the "Patents");

And whereas Niles Systems Ltd., a corporation organized under and existing by virtue of the laws of Israel, and having a place of business at 8 Hapalna Street, Raanana 43107, ISRAEL (hereinafter: the "Assignee") is desirous of acquiring the entire right, title and interest in and to the Invention, the Patent Applications and the Patents;

Now, therefore, in consideration of the sum of one dollar (\$1.00), and other good and valuable consideration the receipt of which is hereby acknowledged, the Assignors, by these presents, do hereby sell, assign and transfer unto the Assignee the entire right, title and interest in and to (1) the Invention; (2) the Patent Applications; (3) the Patents; (4) any and all divisional, continuation, continuation-in-part, substitute, and reissue applications for Letters Patent resulting from any of the Patent Applications (hereinafter: the "Related Applications"), including all priority rights under the Patent Cooperation Treaty (PCT) an International Convention, and all other International Conventions.

The Assignors agree that, when requested, without charge to but at the expense of the Assignee, the Assignor's successors, assigns and legal representatives, in order to carry out in good faith the intent and purpose of this assignment, shall apply for and execute all original, divisional, continuing, continuing-in-part, substitute or reissue patent applications for the Invention; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to the Assignee, its successors, assigns, and representatives, all facts known to the Assignors relating to the Invention and/or any Patent Applications and/or any Patents and/or any Related Applications; and generally do everything possible which the Assignee, its successors, assigns or

representatives shall consider desirable for aiding in securing and maintaining proper patent protection for the invention and for vesting title in and to the invention and in and to any and all applications for patents thereon in the Assignee, its successors, assigns and legal representatives.

The Assignors hereby request and authorize the United States Patent and Trademark Office and any and all official patent authorities worldwide, to issue Letters Patent on the Patent Applications, and Letters Patent on any and all Related Applications, to the Assignee as the assignee of the entire right, title, and interest in and to the same, for the Assignee's sole use and benefit, and for the use and benefit of the Assignee's legal representatives, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by the Assignors had this assignment and sale not been made.
