ASSIGNMENT OF INVENTION

UNIVERSAL

WHEREAS, UNIVERSITÉ DE MONTRÉAL, 2900 Edouard-Montpetit Blvd., Montreal, Quebec, Canada H3C 3A7 (hereinafter referred to as the "Assignor") is the co-owner of the entire rights, title and interest in and to the invention entitled "Automatic multi-dimensional intravascular ultrasound image segmentation method" and described in International patent application number PCT/CA2004/001970, European patent application number 04 818371.9, U.S. patent application number 10/579,381 and Japanese patent application number 2006-538623, filed on November 15th, 2004;

WHEREAS, VALORISATION-RECHERCHE, LIMITED PARTNERSHIP, 5160 Decarie Blvd., Suite 770, Montreal, Quebec, H3X 2H9 (hereinafter referred to as the "Assignee"), is desirous of acquiring Assignor's entire right, title and interest in and to said invention;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other valuable consideration, the receipt of which is hereby acknowledged, Assignor has and by these presents does hereby sell, assign and transfer unto said Assignee, its successors and assigns, its entire right, title and interest in and to said invention, as described in the aforesaid application, in any form or embodiment thereof, and in and to the aforesaid application; and in and to any applications filed in any foreign country based thereon, including the right to file said foreign applications under the provisions of the International Convention; also the entire right, title and interest in and to any and all patents, reissues or extensions thereof to be obtained in this or any foreign country upon said invention, and any divisional, continuation, continuation-in-part, substitute application(s) or supplementary disclosure(s) which may be filed upon said invention, in any country worldwide; and Assignor hereby authorizes and requests the issuing authority to issue any and all patents on said application or applications to said Assignee.

Assignor further agrees, without any payment by said Assignee other than expenses incurred by the undersigned, to communicate to said Assignee, its representatives or agents, any facts relating to said invention, including evidence for interference purposes or for other proceedings, whenever requested; testify in any interference, litigation or other proceedings, whenever requested; and to execute and deliver, on request, all lawful papers required to make any of the foregoing provisions effective, and likewise make these provisions binding upon Assignor's successors, administrators and assigns.
