NUNC PRO TUNC PATENT ASSIGNMENT

WHEREAS, i2 TECHNOLOGIES, INC. (hereafter "Assignor"), a Delaware corporation, having an address of 11701 Luna Road, Dallas, Texas 75234, is the owner of the patents and patent application set forth on Exhibit A attached hereto and the inventions described and claimed therein (hereafter the "Patent Property"); and

WHEREAS, i2 TECHNOLOGIES US, INC. (hereafter "U.S. Assignee"), a Nevada corporation, having an address of 11701 Luna Road, Dallas, Texas 75234, did acquire all right, title and interest in and to the Patent Property in the United States of America as the result of an assignment of the Patent Property on July 1, 2001.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over *Nunc Pro Tunc* to U.S. Assignee, all right, title and interest in and to the Patent Property in the United States of America, as well as all provisionals, continuations, divisions, and continuations-in-part of said Patent Property, and all reissues and extensions thereof, the same to be held and enjoyed by U.S. Assignee for its own use and benefit, and for the use and benefit of its successors, assigns, or legal representatives, to the end of the term or terms for which such Patent Property may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

Assignor further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in U.S. Assignee.

Assignor also assigns unto U.S. Assignee all claims for damages by reason of infringement in the United States of America prior to the assignment date of the Patent Property, with the right to sue for and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns and other legal representatives.

Assignor also will communicate to U.S. Assignee any facts known to it respecting any improvements; and, at the expense of U.S. Assignee, will testify in any legal proceedings, sign all lawful papers, execute all provisional, divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest such right, title, and interest in U.S. Assignee and to aid U.S. Assignee to obtain and enforce proper protection for said Patent Property.

IN WITNESS WHEREOF, this Patent Assignment has been duly executed on the date and in the capacity shown below.
