2. GRANT OF SECURITY INTEREST IN INTELLECTUAL PROPERTY COLLATERAL. Grantors hereby grant to Lenders, a continuing and perfected first priority security interest (as set forth in the Security Agreement) in all of Grantors' right, title and interest in, to and under all of Grantors' Intellectual Property, including, without limitation, the following, whether presently existing or hereafter created or acquired (collectively, the "Intellectual Property Collateral"):

Grantors hereby acknowledge and affirm that the rights and remedies of Lenders with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. **AUTHORIZATION TO SUPPLEMENT.** If Grantors shall obtain rights to any new Intellectual Property (as defined in the Security Agreement), the provisions of this Agreement shall automatically apply thereto. Grantors shall give Lenders prompt written notice with respect to any such new Intellectual Property. Grantors represent that Schedule I is substantially accurate and complete but reserve the right from time to time to correct inaccuracies and/or omissions by giving Lenders written notice thereof. Without limiting Grantors' obligations under this Section 4, Grantors hereby authorize Lenders unilaterally to modify this Agreement by amending Schedule I to include any such corrections and other modifications and any such new Intellectual Property of Grantors. Notwithstanding the foregoing, no failure to so modify this Agreement or amend Schedule I shall in any way affect, invalidate or detract from Lenders' continuing security interest in all Intellectual Property Collateral, whether or not listed on Schedule I.

5. **COUNTERPARTS.** This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together constitute but one and the same instrument. Any signatures delivered by a party by facsimile transmission or by e-mail transmission shall be deemed an original signature hereto.

6. **GOVERNING LAW; JURISDICTION.** This Agreement shall be governed by and construed under the laws of the State of New York applicable to contracts made and to be performed entirely within the State of New York. Each party hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the City and County of New York for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court; that such suit, action or proceeding is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law.

7. SUCCESSORS AND ASSIGNS. The terms and conditions of this Agreement shall inure to the benefit of and be binding upon the respective successors and permitted assigns of the parties. Nothing in this Agreement, express or implied, is intended to confer upon any party other than the parties hereto or their respective successors and permitted assigns any rights, remedies, obligations or liabilities under or by reason of this Agreement, except as expressly provided in this Agreement. A Lender may assign its rights hereunder in connection with any private sale or transfer of its Notes, in which case the term "Lender" shall be deemed to refer to such transferee as though such transferee were an original signatory hereto. No Grantor may assign its rights or obligations under this Agreement.
