ASSIGNMENT

WHEREAS, I,

Inventor (1), C. Arthur MacCarley, residing at:

1413 Eucalyptus Road
Nipomo, CA 93444

have invented certain new and useful improvements disclosed in an application for United States Utility Patent entitled, "Consensus Based Vehicle Detector Verification System," attorney docket no. CP09052007, and executed by me, on November 29, 2007 herewith.

S/N 11/948,916

AND WHEREAS, Calpoly Corporation, having a principle place of business at:

**Building 15 Cal Poly
San Luis Obispo, Ca 93407**

a non-profit California Corporation, (hereafter, together with any successors, legal representatives of assign thereof, called "**Assignee**"), desires to acquire all rights, title and interest in and to said improvement and application.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, **I** have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to **Assignee** all rights, title and interest in and to said improvements, and said application and divisions, substitutions, continuations and continuations-in-part thereof, and all United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries.

AND I HEREBY covenant that **I** have full right to convey the aforesaid interest herein assigned, and that **I** have not executed, and will not execute, any agreement in conflict herewith;

ASSIGNMENT

AND I HEREBY further covenant and agree that the remaining rights, title and interest in and to said improvements, and said application and divisions, substitutions, continuations and continuations-in-part thereof, and all United States Letters Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries be vested in Assignee.

AND I HEREBY further covenant and agree that I will communicate to Assignee any facts known to us respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuations-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said improvements in all countries.

IN TESTIMONY WHEREOF, I hereunto set by our hands this 29 day of November 2007.
