ASSIGNMENT

For and in consideration of One Dollar (\$1.00) to us in hand paid, and other valuable considerations, the receipt and sufficiency wherein are hereby acknowledged and confessed, I, Michael J. Rigoli (a/k/a Michael Rigoli), the Inventor and a U.S. Citizen (the "Assignor") assigns to Isolation Technologies, Inc., A Massachusetts Corporation (the "Assignee"), the entire right, title and interest in the design entitled LIQUID CHROMATOGRAPHY COLUMN and to any patent rights relating thereto including any application filed in the United States Patent Office under U.S. Serial No. 29/094011 and issued as U.S. Patent Design No. D417408 (the "Patent").

I, the Assignor, by these presents do sell, assign and transfer unto said Assignee the full and exclusive right to the said invention in the United States and the entire rights, title and interest in and to any and all Patents which may be granted therefore in the United States including all divisions, continuations and reissues thereof and substitutes of or for said application, and all foreign rights including the right to make application for Letters Patent for said inventions in any and all foreign countries and the right to claim priority as to filing date under the International Convention on the basis of the aforesaid application; and the full rights to sue and recover damages for any and all infringements thereof; and the Assignor hereby authorizes and directs the Commission of Patents to issue the Patent for said inventions, when granted, in accordance with this assignment and sale.

For the same consideration, the Assignor hereby agrees that I will promptly communicate to the aforesaid assignee or its assigns full and complete information concerning improvements or betterments of inventions disclosed in said application, and I will cooperate at any time upon request of said Assignee or its Assignees, at its or their expense, in the procurement of patent protection to cover the inventions herein assigned and to be assigned including the execution of new, divisional, continuing and reissue applications; The Assignor will make all rightful oaths, will testify in any proceedings in the Patent Office or in the Courts, and generally will do everything lawfully possible to aid said Assignee, its successors, assigns, and nominees to obtain, enjoy and enforce proper patent protection for the inventions embraced within the terms of this document.
